Noxious Weeds affecting our Estuary

March 2nd @ 6:30pm

Heidi Steinbach is a Noxious Weed Specialist at the Thurston County Public Works, Noxious Weeds and Lakes Management Division. Noxious weeds are non-native, invasive plants that threaten public health, the environment, wildlife habitat, native plants, agriculture and recreational areas. For this talk she will be covering identification of noxious weeds and how we can make a difference.

Tansy Ragwort '*Jacobaea vulgaris*'
